Date: Wednesday, March 20, 2013 11:58:56 AM

Ashley,

I believe this is my first viewing of this letter, so I have not responded to it. I did meet with Mr. Maupin on his property back in January during a tour of the area provided by Donna Tisdale. Many of the issues he raises will be addressed in the DPEIR. He will be notified when that document is available for public review, and he will be able to review and provide further comments at that time if necessary. Staff will prepare formal responses to all comments that are sent to us during the public review period.

Let me know if you need anything else at this time.

Thanks,

Hi Rob,

Did you ever formally respond to this letter from Mr. Maupin? I did not formally respond but included the letter in the project file. Michelle and I have both spoken to Mr. Maupin about his concerns. Just wanted to check in before I respond back to the email below.

Thanks,

Ashley

Subject: Response to questions on Tierra del Sol Soitec Solar Project

Hi Ms. Gungle,

I work in Supervisor Dianne Jacob's office and we received a letter from Robert Maupin regarding the Tierra del Sol Soitec Solar Project. I wanted to know if you had a chance to respond to the questions he sent you in September regarding the project before I respond to him. I have attached

a copy of his original letter to you. If there is any information you could shed on the matter, I would appreciate it.

Thank you for your time,

Ashley Chamberlain
